2^{me} EPISODE

L'ÉRUPTION DU KARAMAKO

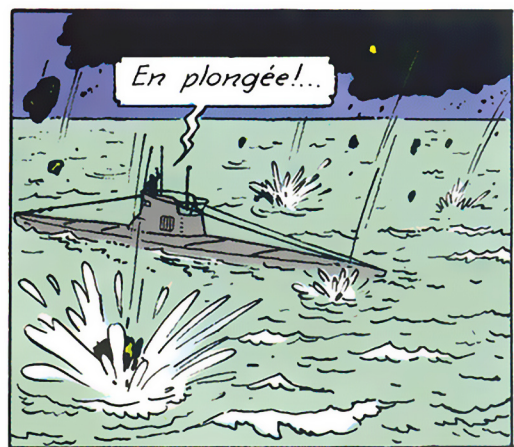

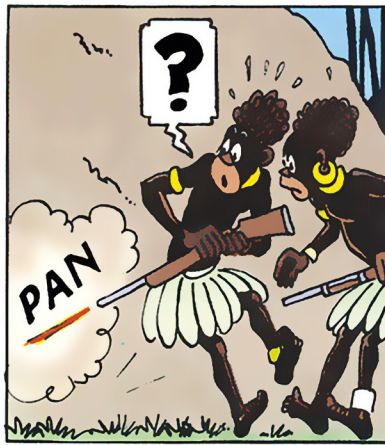

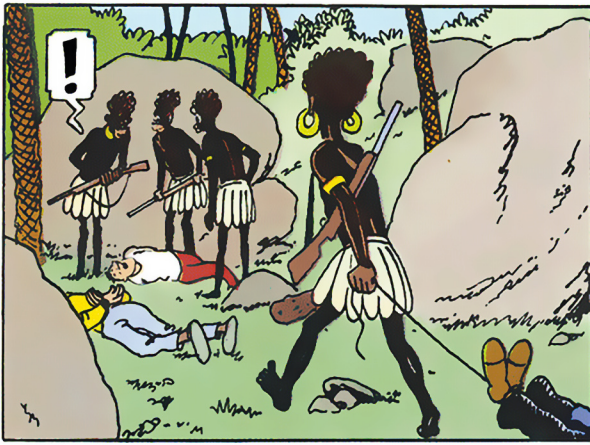

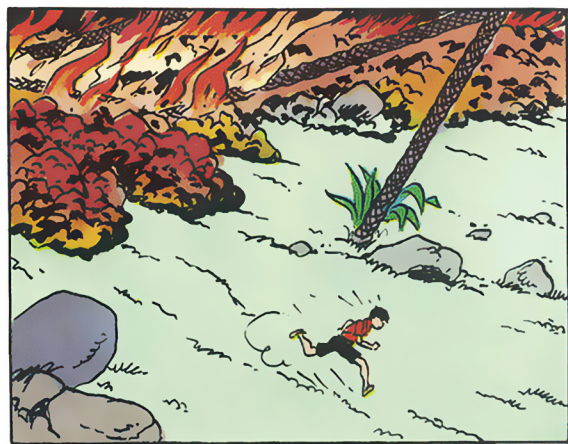

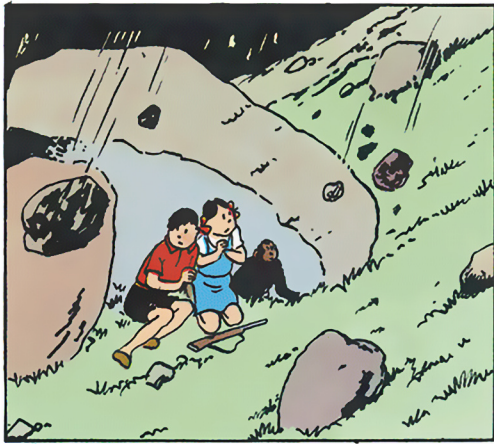

L'ÉRUPTION DU KARAMAKO

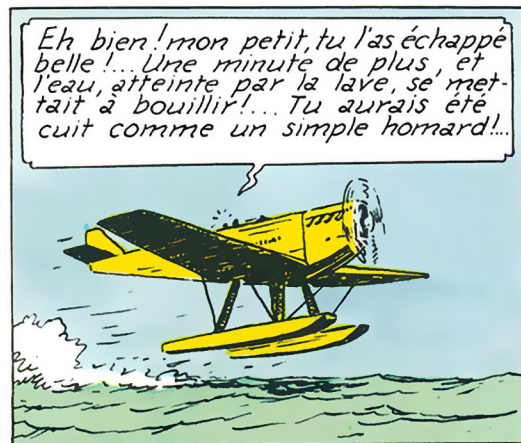

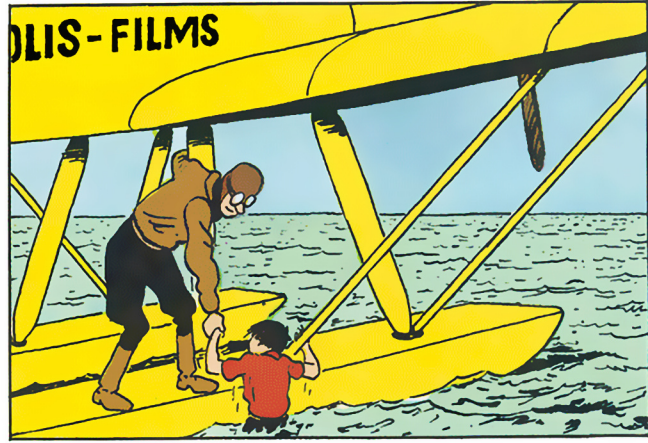

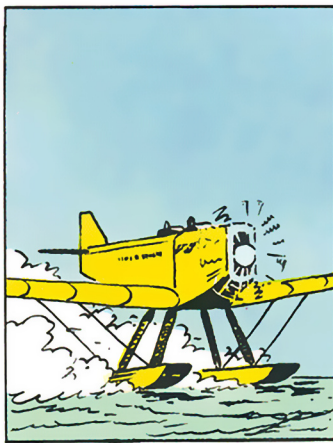

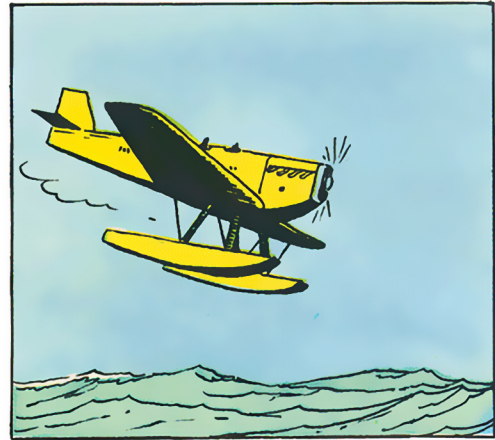

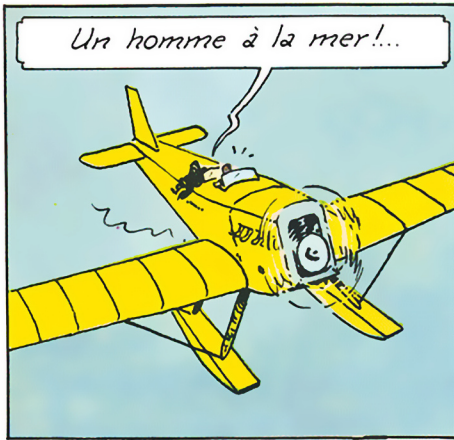

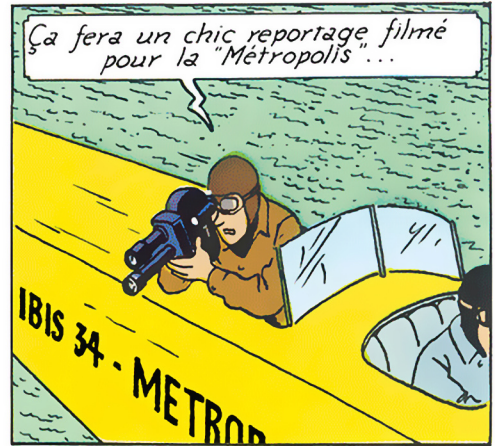

Jo, Zette et Jocko ont été capturés par des pirates et emmenés à bord d'un sous-marin. Débarqués dans une mystérieuse île sous-marine, ils parviennent à s'en évader en prenant place dans un char amphibie. Ils échappent aux poursuites et arrivent dans une île où des anthropophages se préparent à les manger. Jocko intervient et les sauvages, médusés par la toute-puissance de nos amis, se prosternent devant eux. Cependant, les pirates continuent leurs recherches.

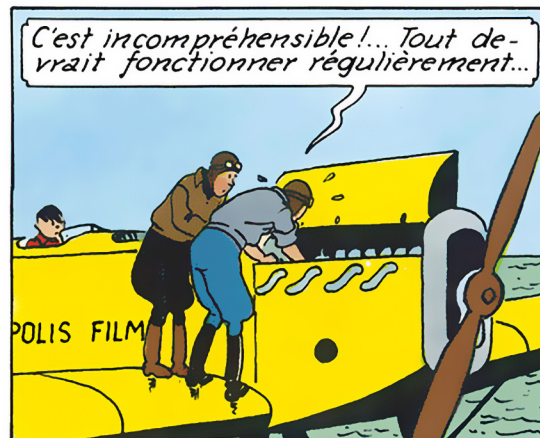

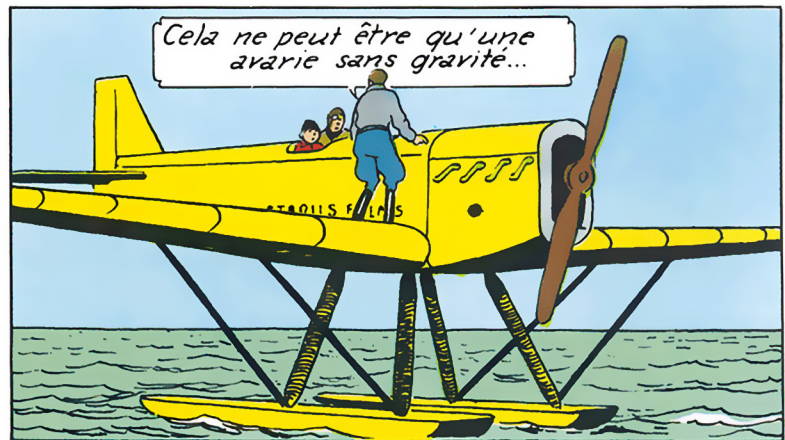

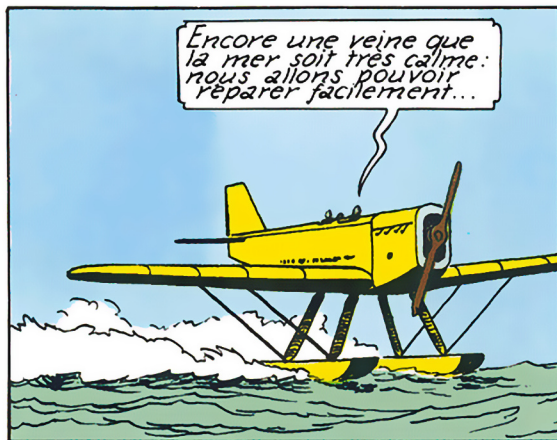

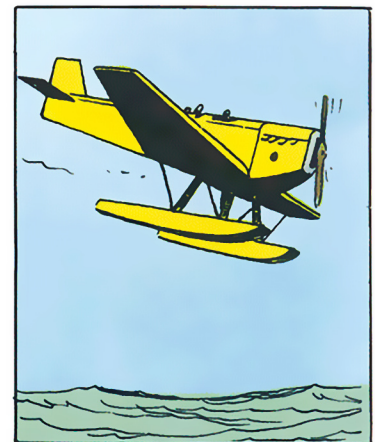

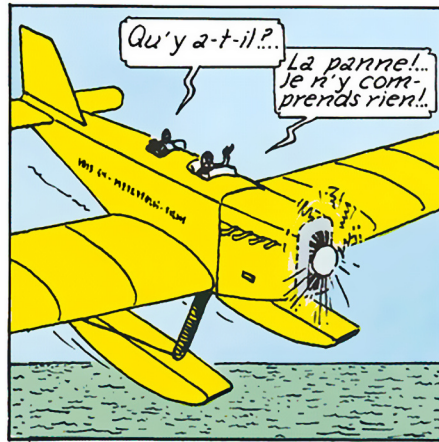

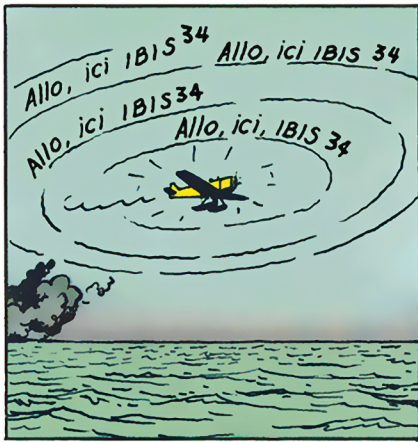

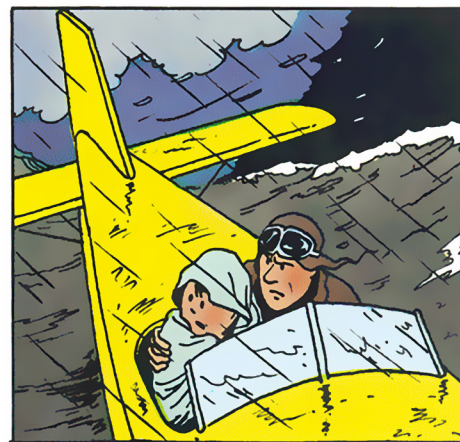

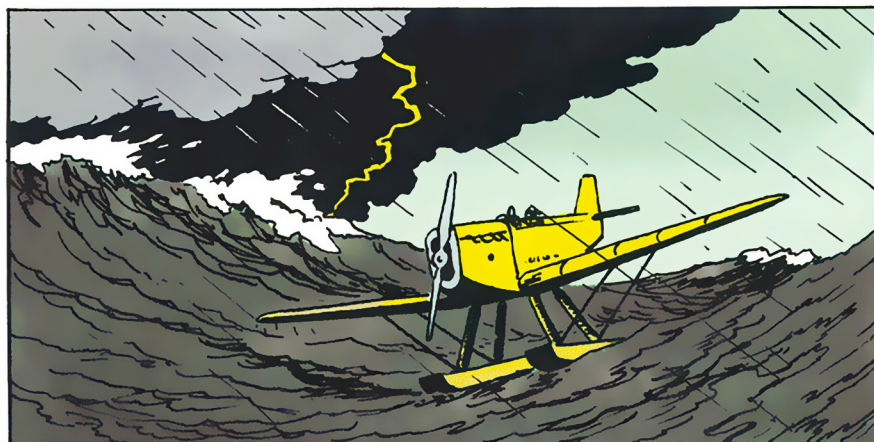

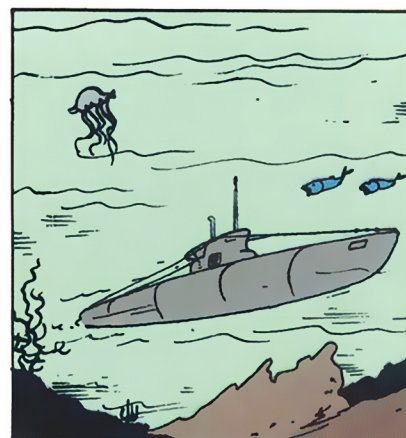

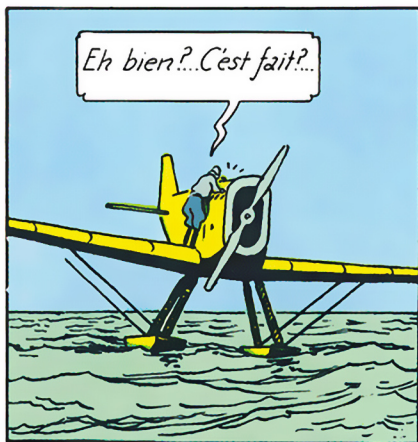

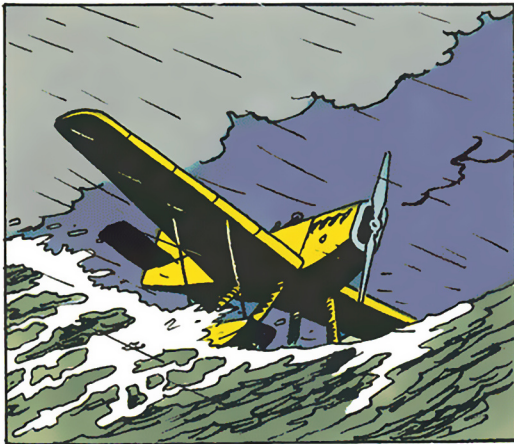

Pendant ce temps, à New-York...

Allo ? Ibis 34 ?... Allo ?
Ibis 34 ?... Allo ? Ibis
34 ?... Allo ? Ibis 34 ?...

Nous sommes perdus !

L'Ibis 34 ne répond plus!...

Ce n'est pas possible, voyons !... Continuez vos appels !...

Allo ? Ibis 34 ?... Allo ? Ibis 34 ?... Allo ?
Ibis 34 ?...

Allo !... Allo !... "A l'eau !",
voilà ce qu'il faut dire !...

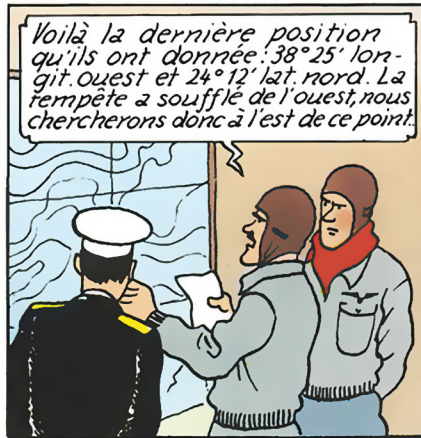

Le lendemain matin...

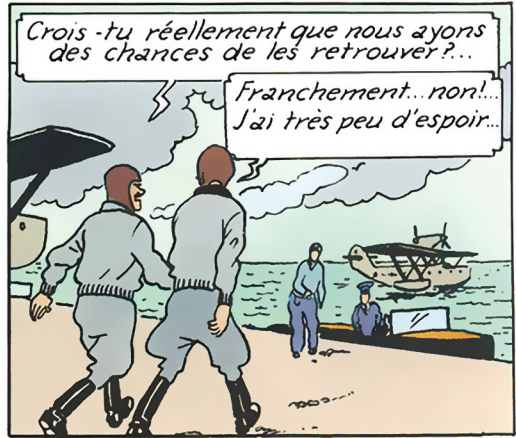

On est toujours sans nouvelles de l'avion Ibis 34, piloté par Richards et Brown, et qui avait recueilli le petit Jo. On éprouve

à leur sujet les plus vives inquiétudes, en raison de la violente tempête qui a soufflé cette nuit. Des recherches vont être entreprises afin d'essayer de retrouver les deux aviateurs et leur jeune passager.

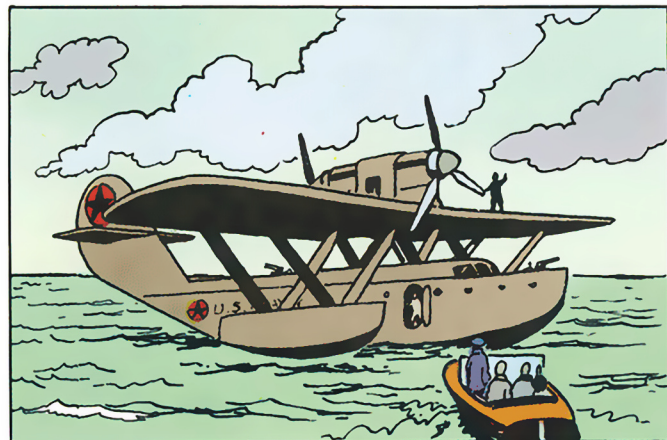

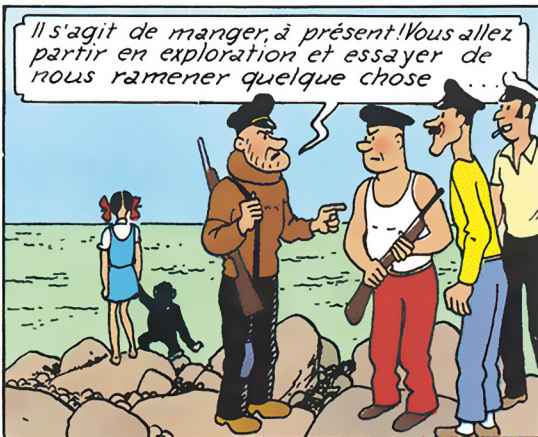

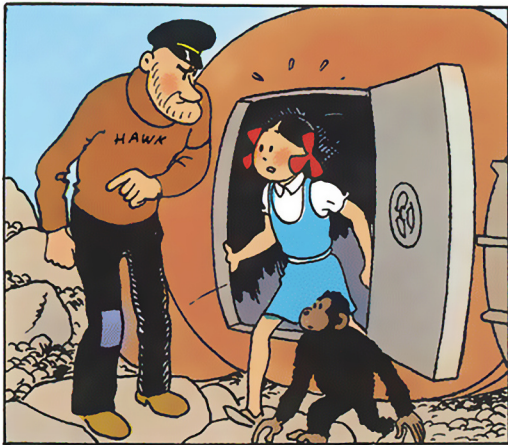

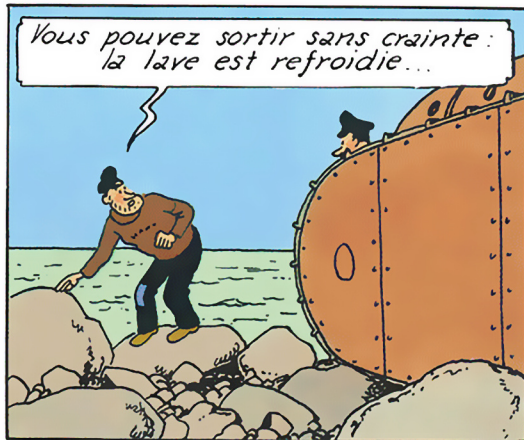

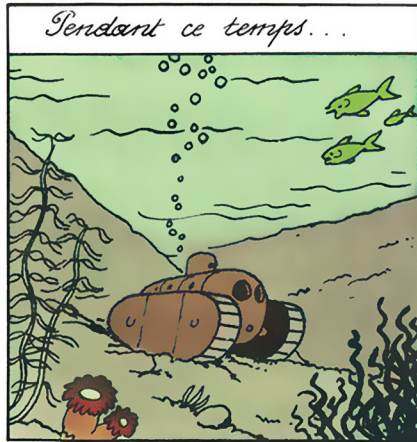

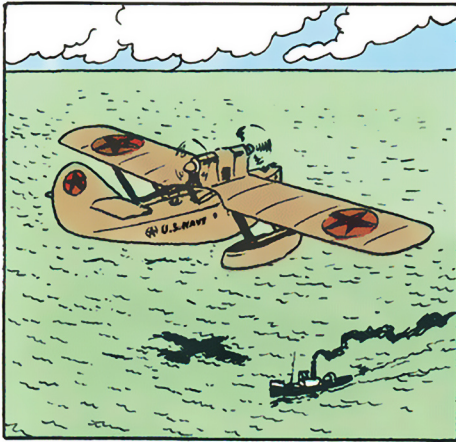

Voilà la dernière position qu'ils ont donnée: 38° 25' longit. Ouest et 24° 12' lat. nord. La tempête a soufflé de l'ouest, nous chercherons donc à l'est de ce point.

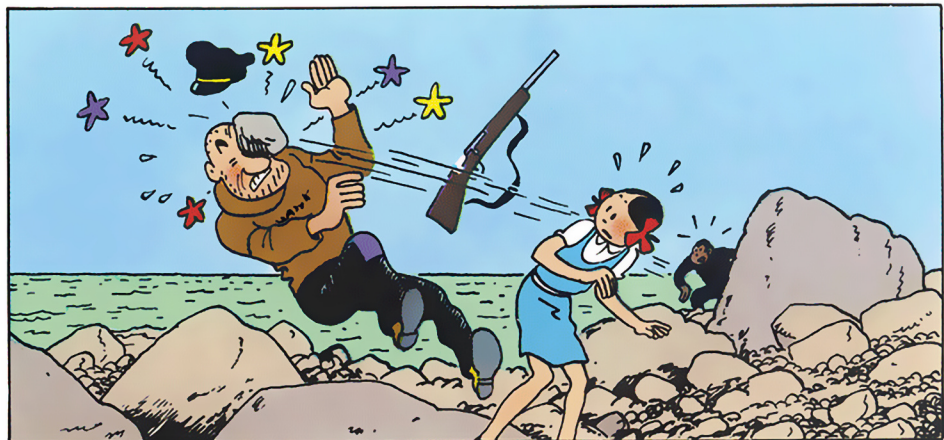

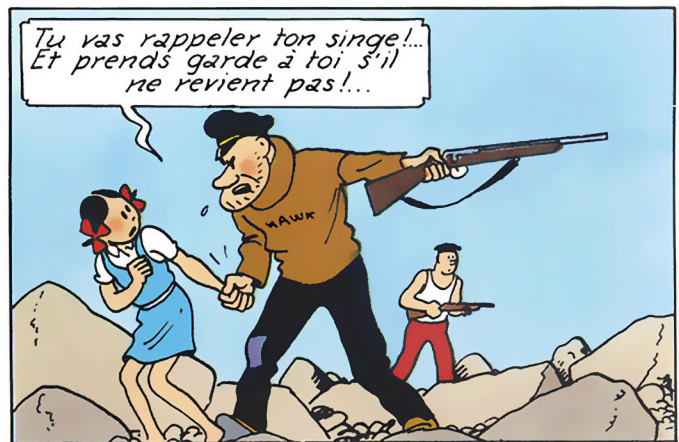

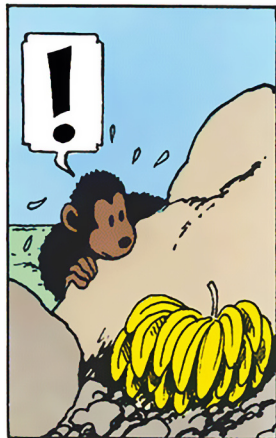

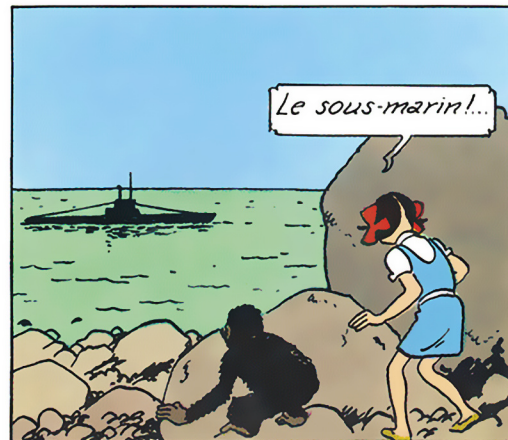

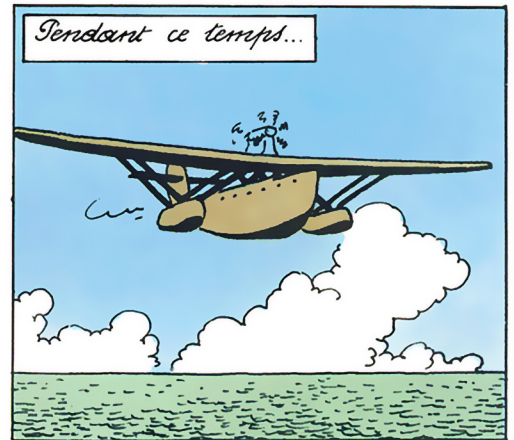

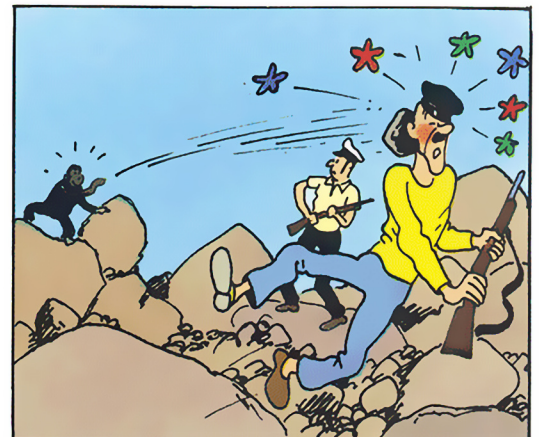

Crois-tu réellement que nous ayons des chances de les retrouver?...

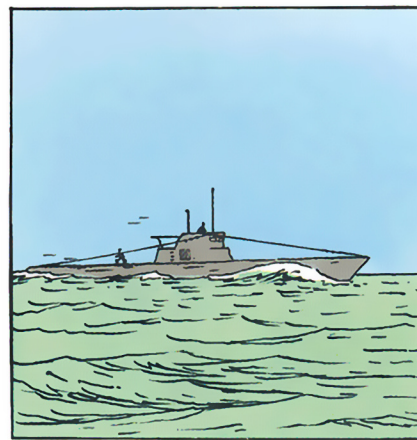

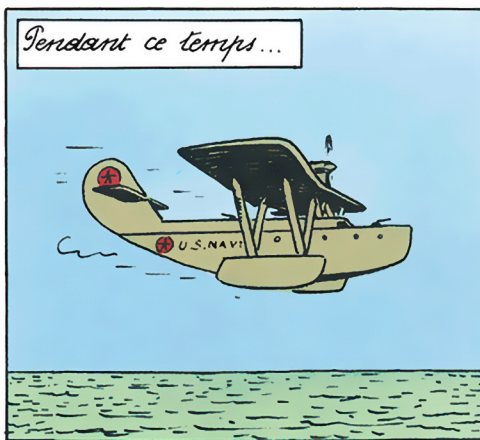

Franchement... non!... J'ai très peu d'espoir...

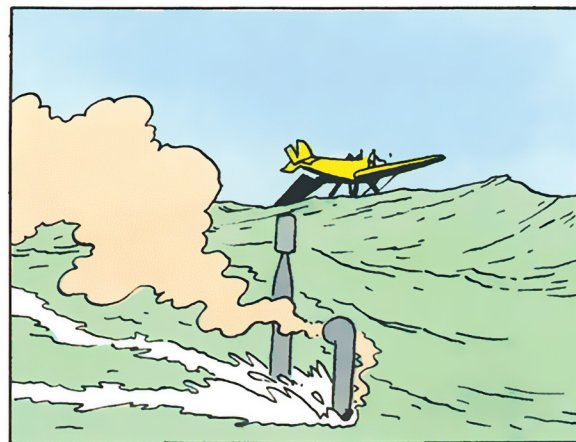

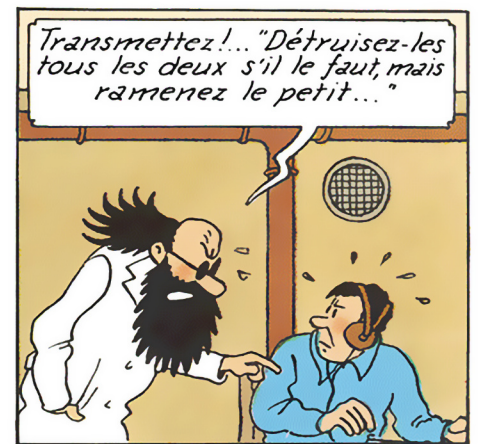

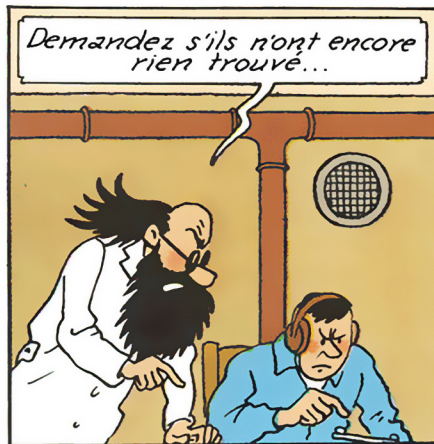

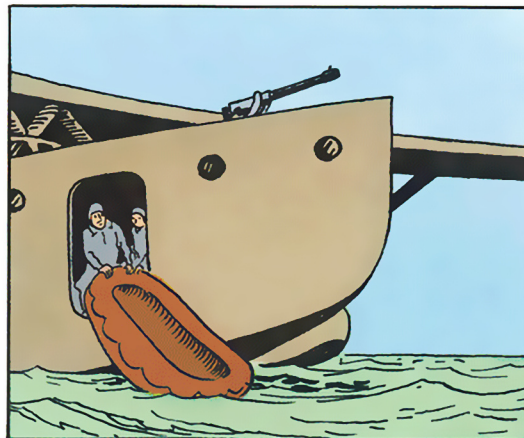

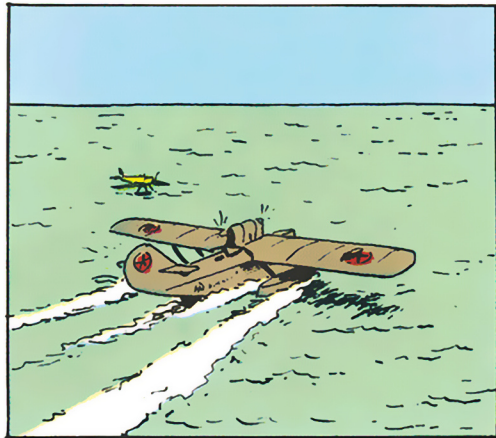

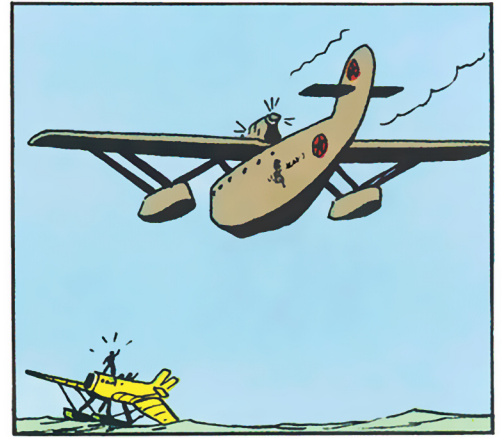

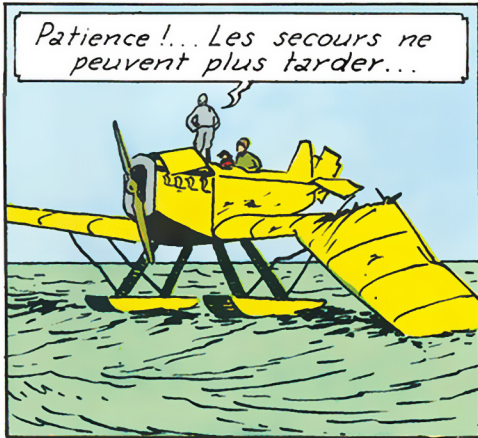

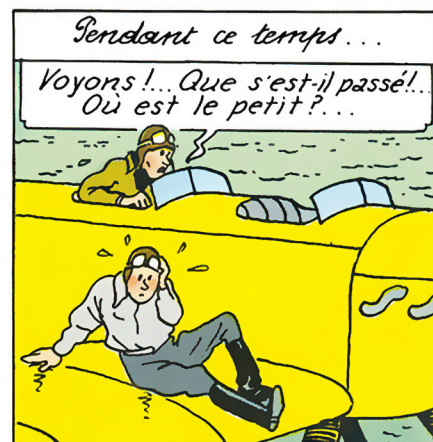

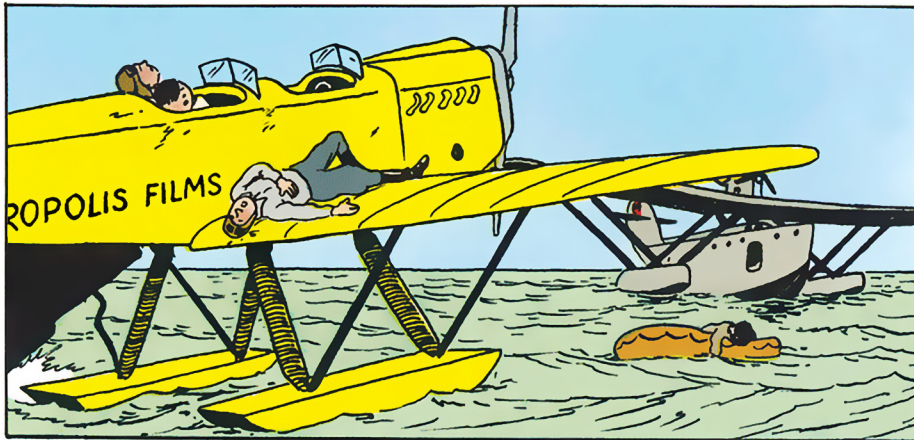

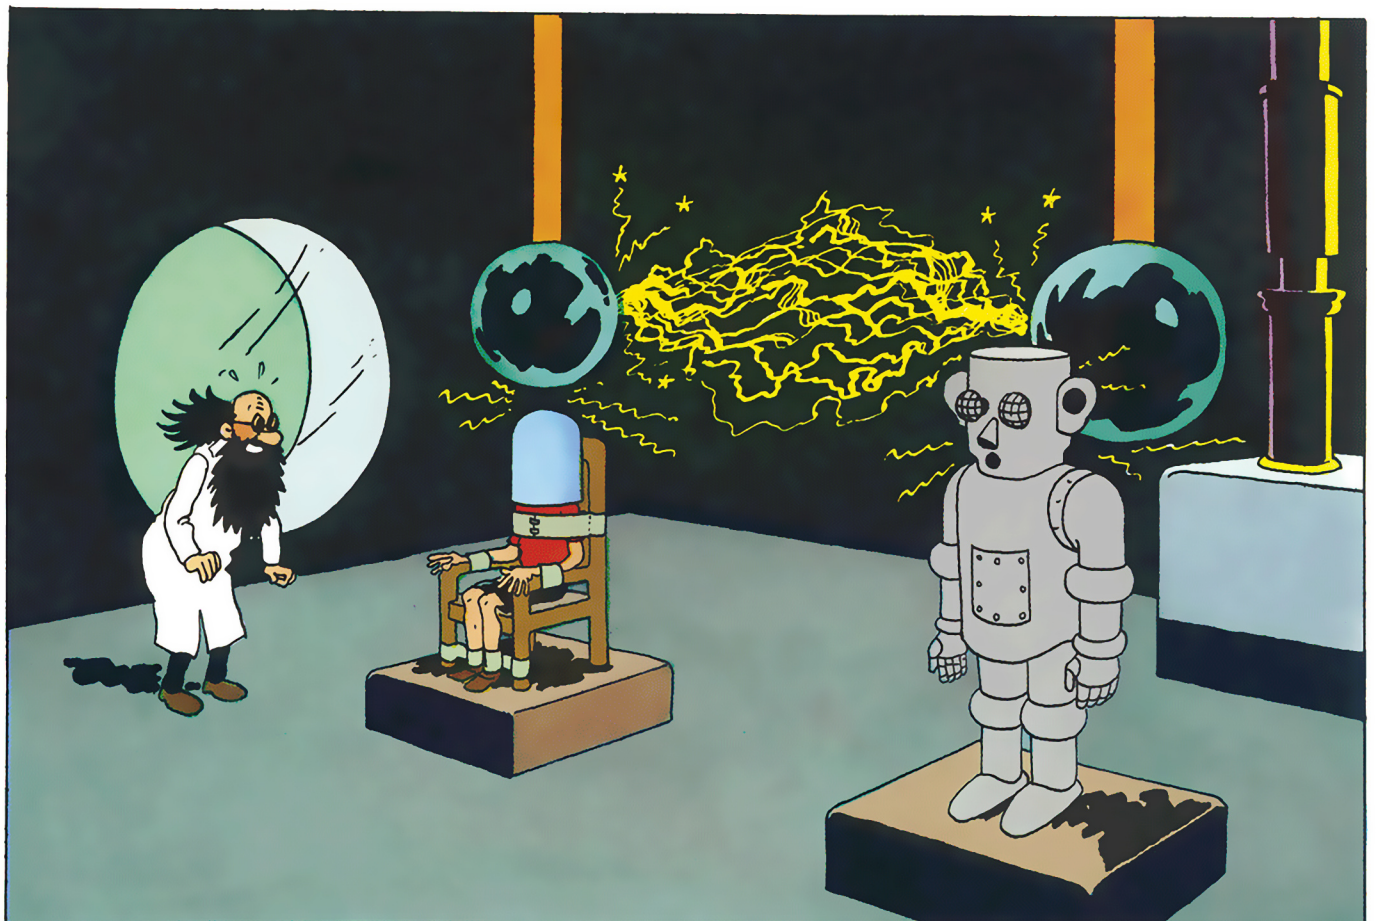

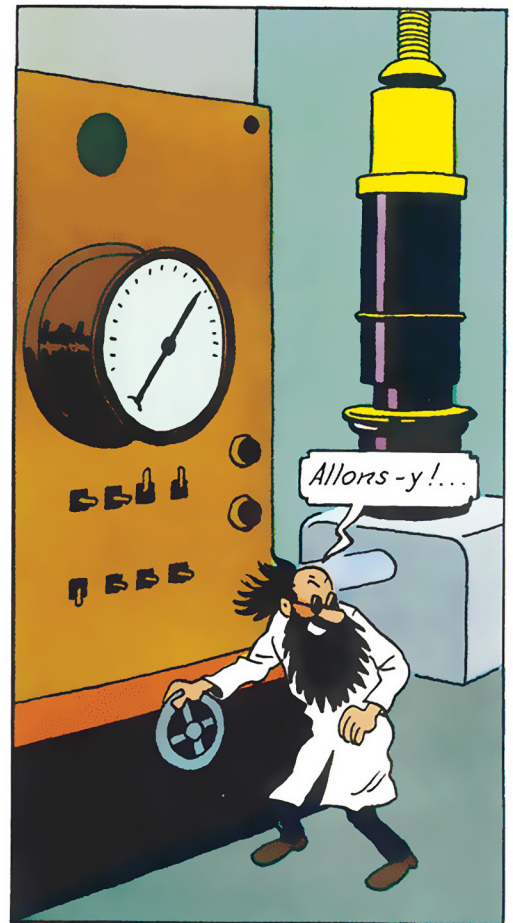

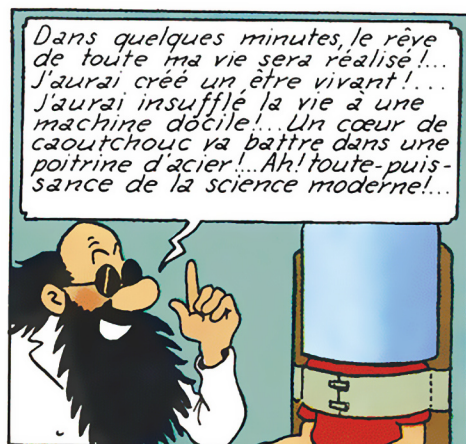

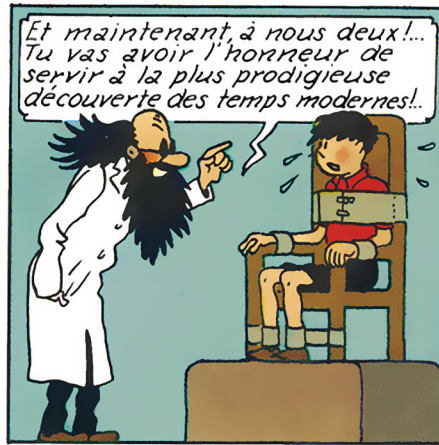

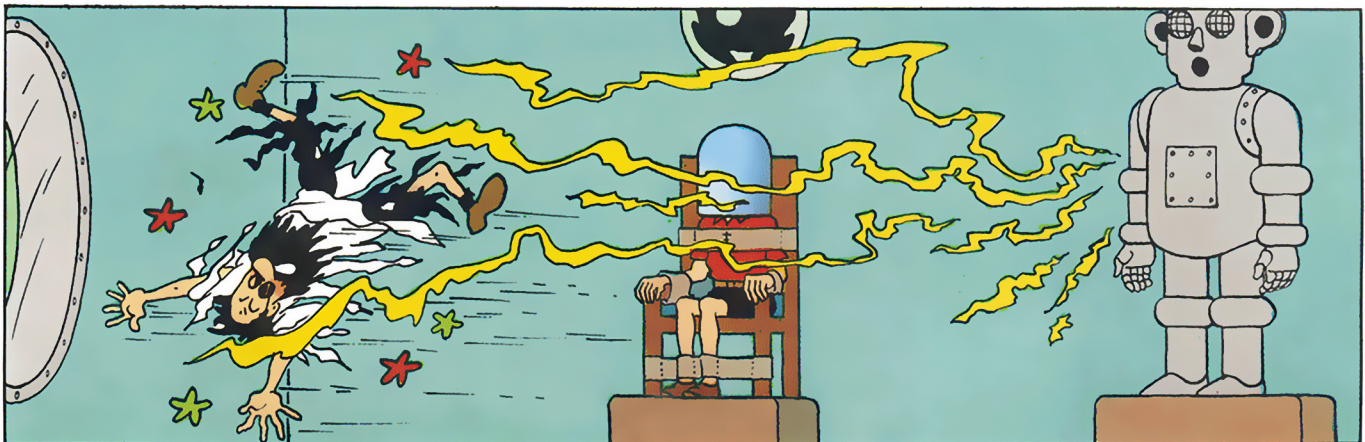

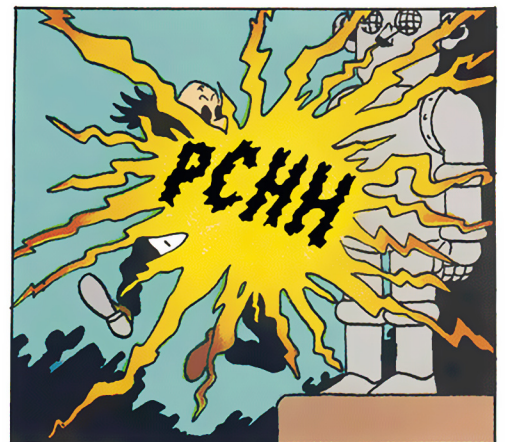

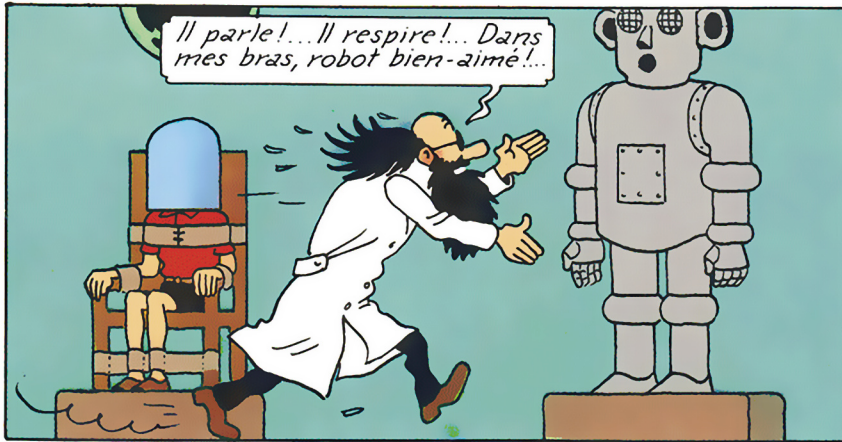

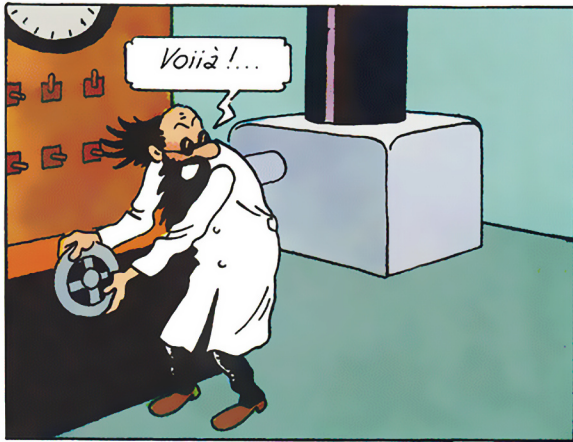

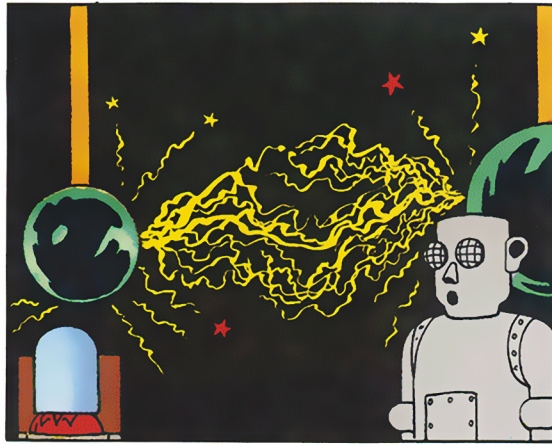

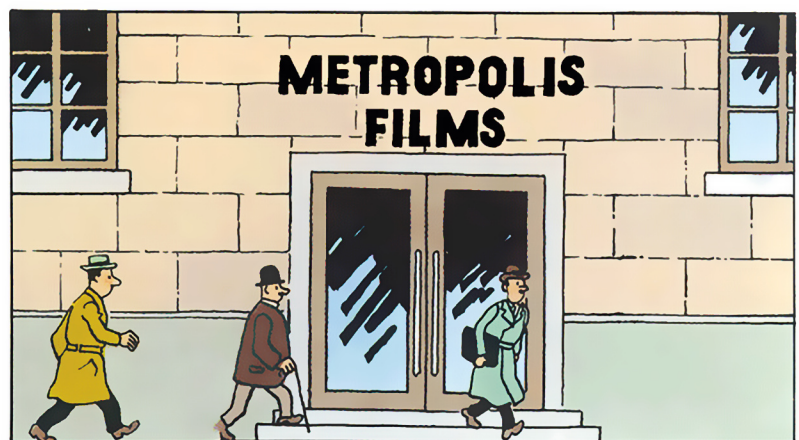

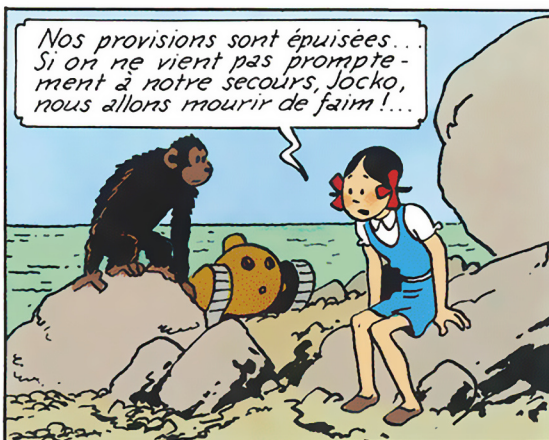

Regardez ça!...

On dirait un char d'assaut!...

Faites immédiatement tirer une épreuve de ce fragment de pellicule et prévenez le ministre de la marine que j'ai une communication très importante à lui faire...

Monsieur le ministre vous attend, Monsieur... Voulez-vous entrer...

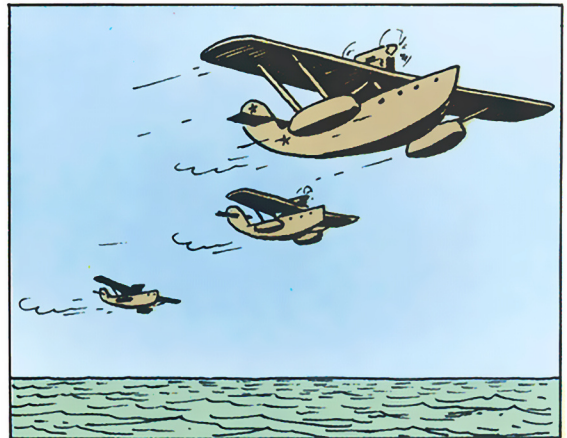

C'est, en effet, une sorte de char d'assaut amphibie.

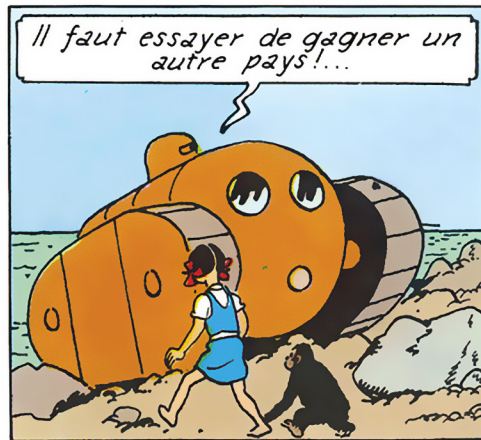

C'est certainement l'appareil dont le petit Jo a parlé aux pilotes de l'Ibis 34, et cet appareil appartient aux pirates.

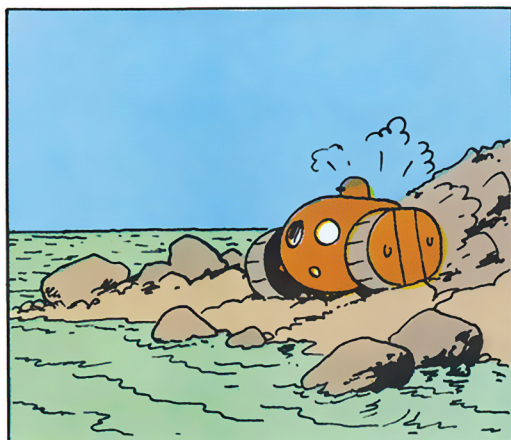

Je vais envoyer immédiatement une escadrille avec mission de retrouver cet engin... Peut-être l'examen de ce tank nous apprendra-t-il quelque chose... Allo?...

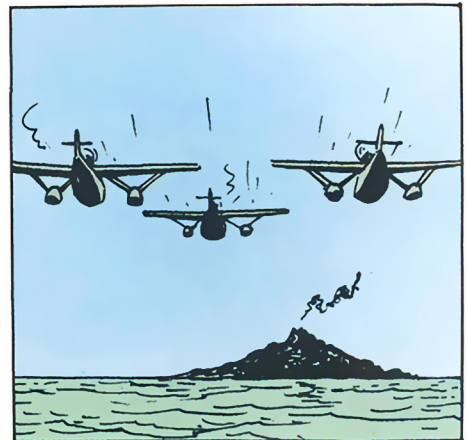

Nous ne pouvons pas rester ici!... Nous allons mourir de faim!...

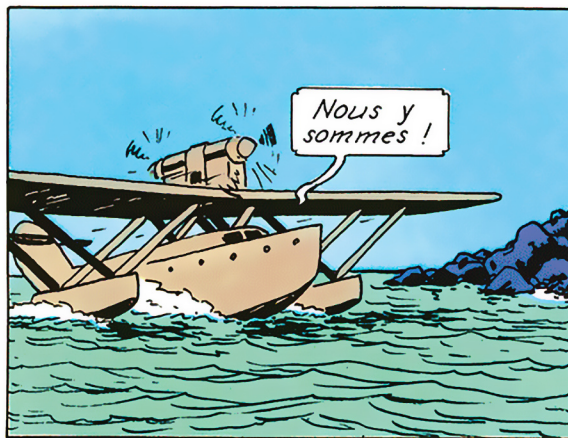

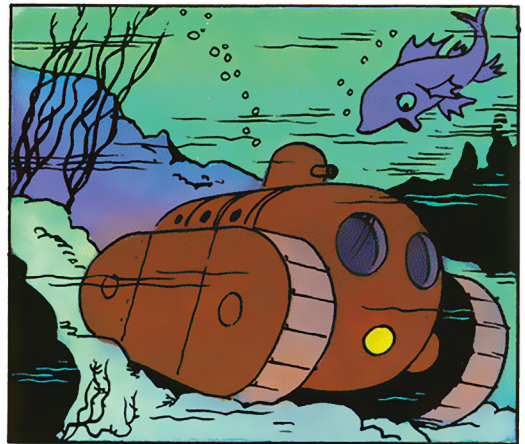

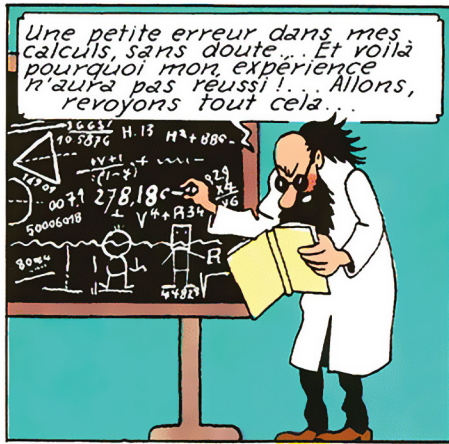

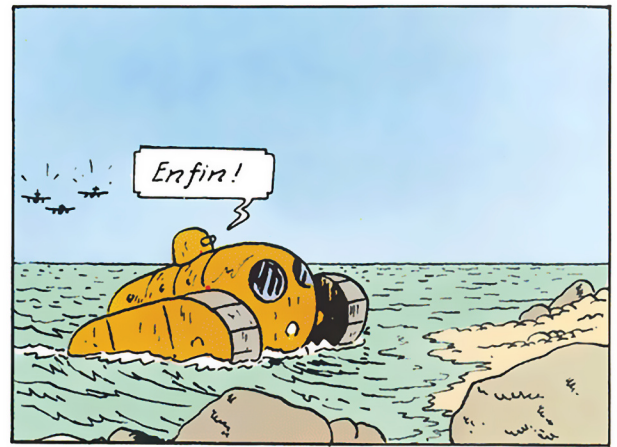

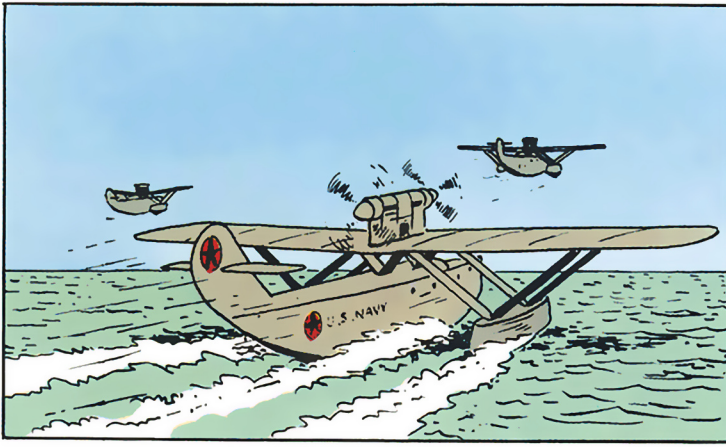

Il faut essayer de gagner un autre pays!...

Allons! En route!... Et que Dieu nous protège!...

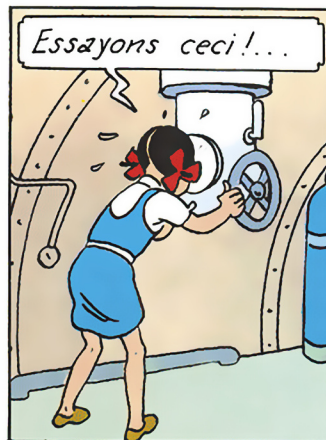

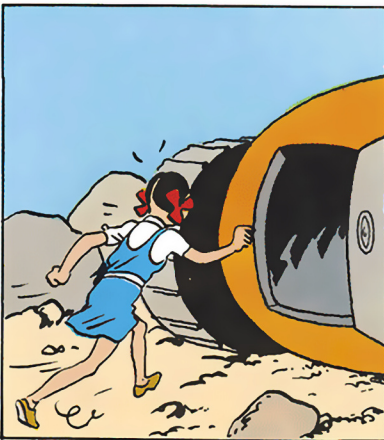

Ouf! je respire!...
Il était temps...

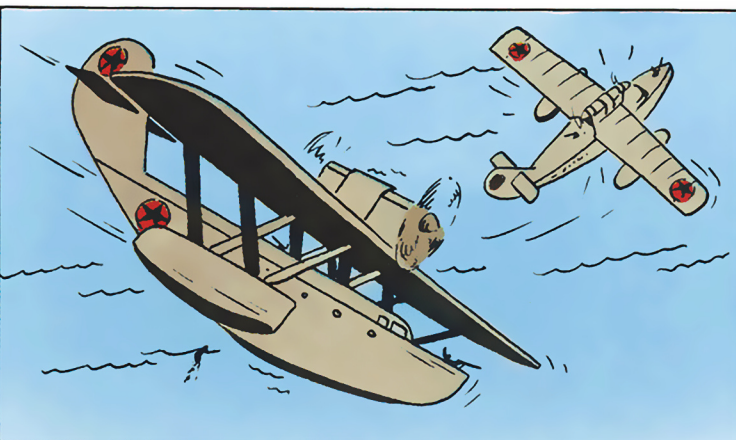

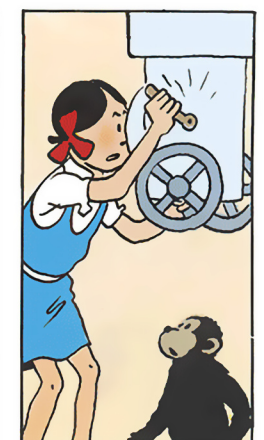

Des avions!... Oh! ils
s'éloignent!... J'ai laissé
échapper le salut!...

Comment leur
signaler ma
présence?... Oh!...

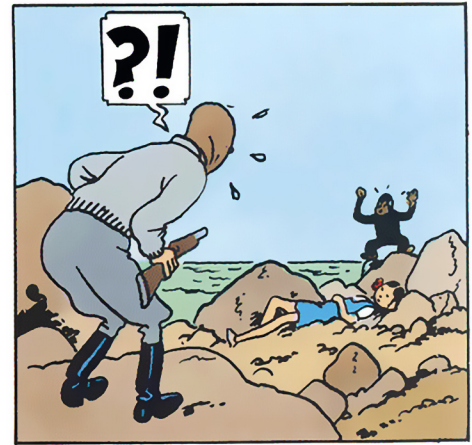

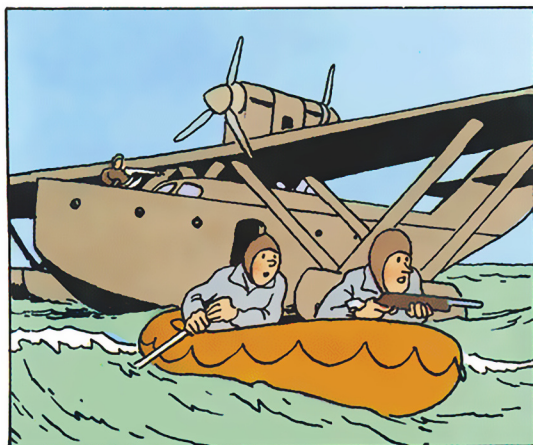

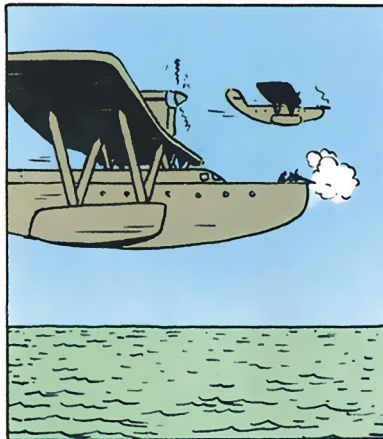

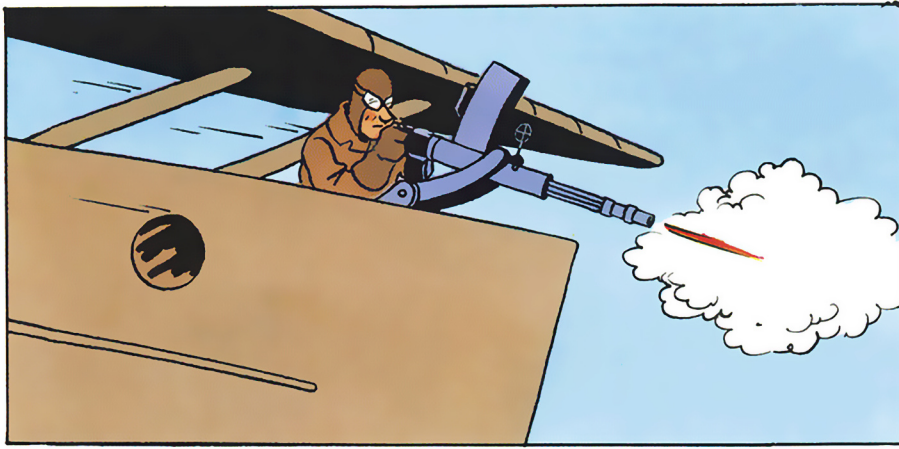

Essayons ceci!...

Le tank!... Ce sont
les pirates!...

Sauvés!... Ils
reviennent!...

Elle n'est pas blessée!... Elle est seulement évanouie!...

Alors?... Ça va mieux?... Dire que nous avons tiré sur vous!... Nous pensions avoir à faire aux pirates...

Préviens New-York que nous avons retrouvé la petite Zette et le tank. Et demande-leur de nous envoyer un bateau avec tout le matériel nécessaire pour embarquer l'appareil. Message chiffré, hein? On ne sait jamais!...

Et mon frère?... Vous ne savez pas ce qu'il est devenu!...

Ton frère?... Il avait été recueilli par un hydravion... Malheureusement, il est retombé aux mains des pirates!...

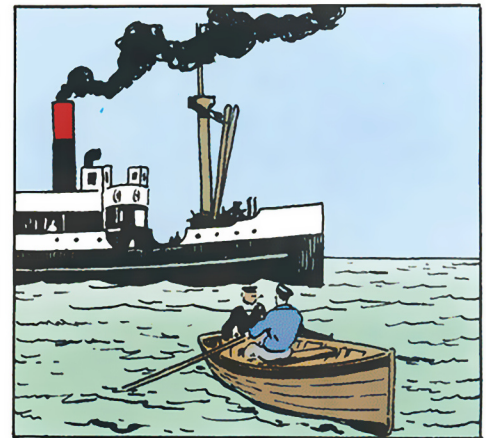

Mais rassure-toi!... Dans quelques jours, les savants auront trouvé, grâce à l'étude de l'amphibie, les moyens de lutter efficacement contre ces bandits... Et alors nous le délivrerons, ton frère...

Le lendemain...

Voilà le bateau demandé.

C'est ça l'engin que je dois prendre à bord?

Oui!... Ça ira?...

Hem!... Difficile!... Le bateau ne peut pas approcher davantage: il s'échouerait!... Il faudrait donc amener ce tank tout près du bateau...

Mais...

Eh bien! je le conduirai jusque-là, moi!

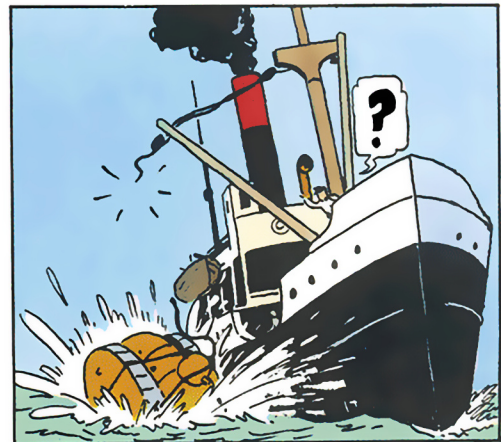

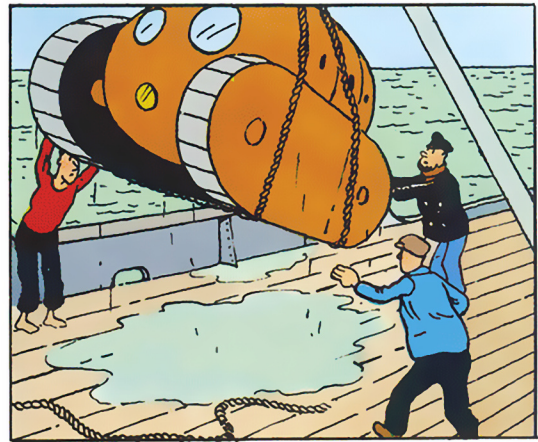

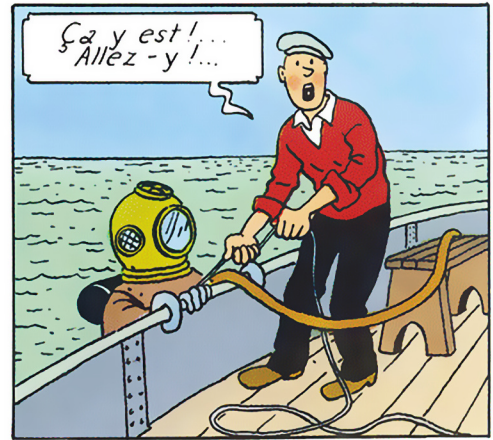

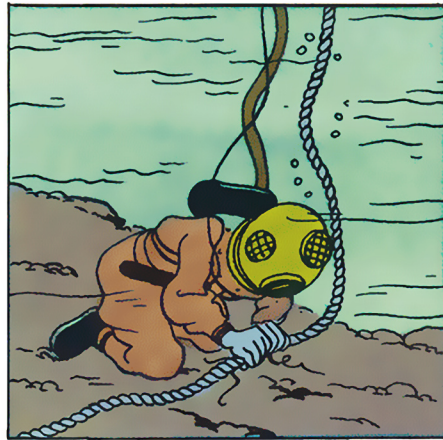

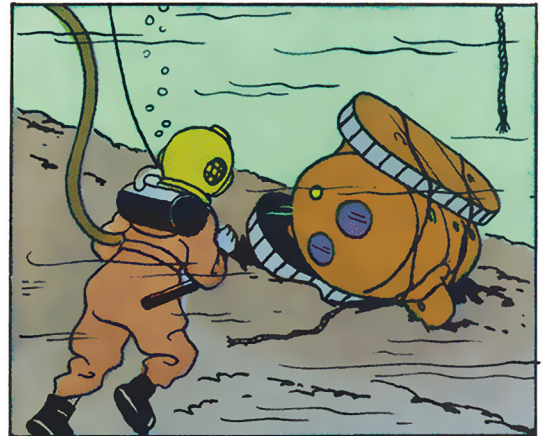

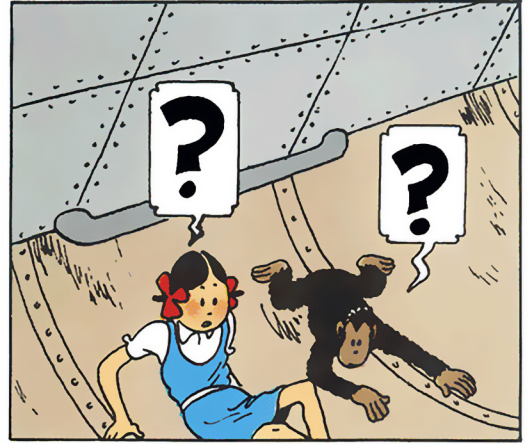

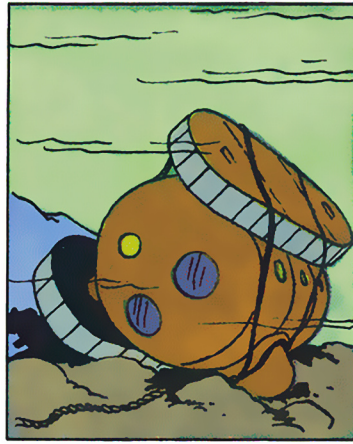

Mais tu sais bien qu'il n'y a plus d'oxygène!...

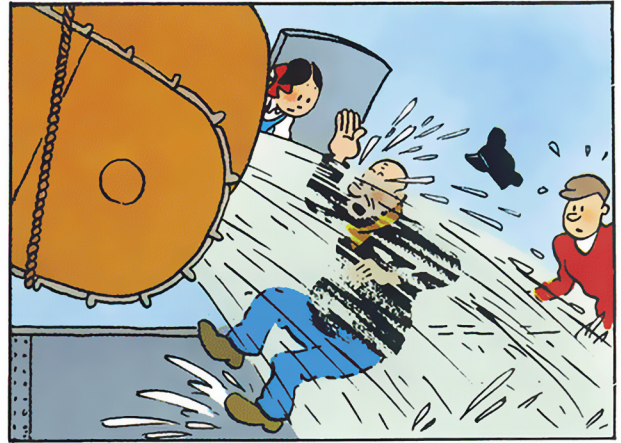

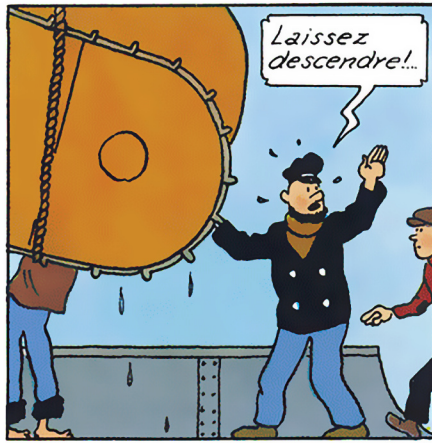

Mais si!... Le tank a été ouvert et l'air frais y a de nouveau pénétré. Je pourrai bien encore y rester une heure... Laissez-moi faire...

Ça y est!... Le scaphandrier à fini de fixer les câbles. On va hisser le tank...

... qui est retombé au pouvoir de ces affreux pirates. J'ai peur que le vieux méchant savant, le chef de ces bandits, ne lui fasse du mal. Mais je prie tous les jours pour qu'il soit bientôt délivré et...

... pour que nous puissions enfin retrouver nos chers parents. Peut-être, en ce moment, sont-ils à l'écoute, là-bas, en Europe... Bonjour, maman!... Bonjour, papa!... Je vous embrasse fort!...

Il me reste à remercier les aviateurs qui m'ont arrachée à mon île et qui ont été tous très gentils pour moi... Enfin, je...

HANDS UP! ?

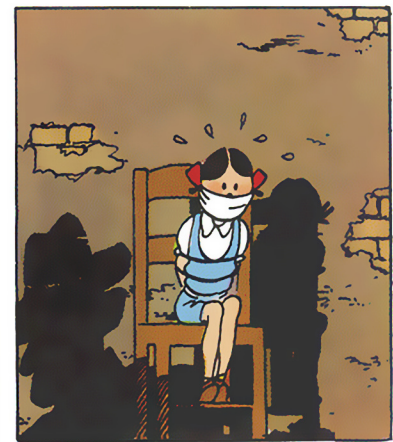

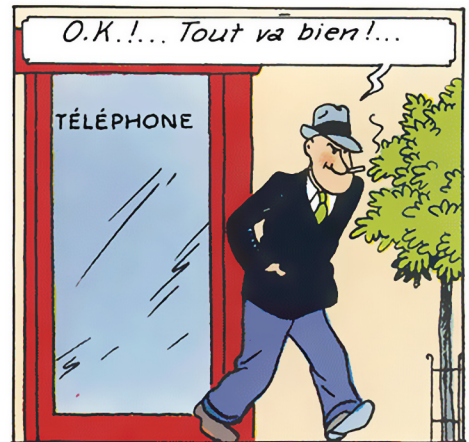

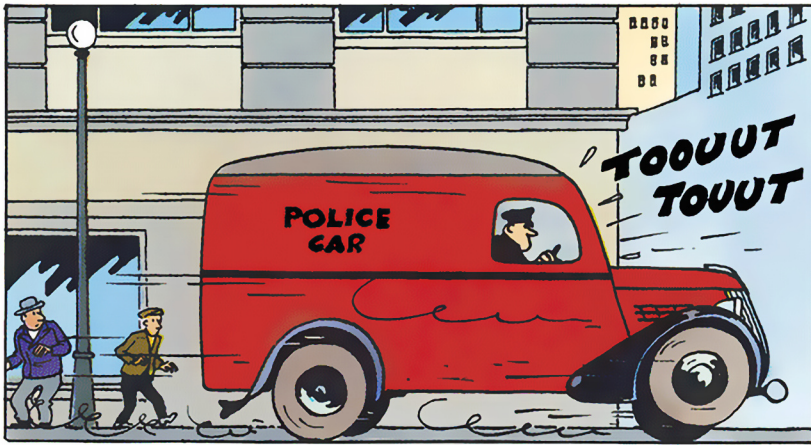

BOUM CRAC
Au secours!...

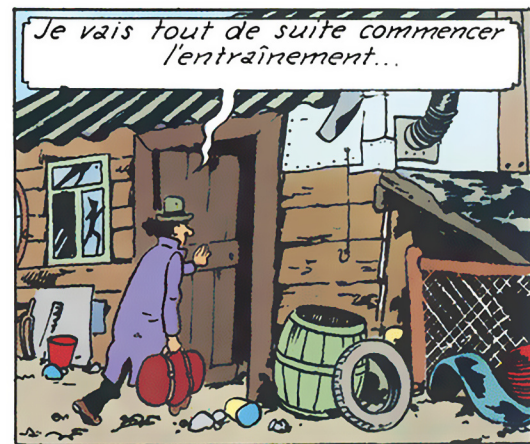

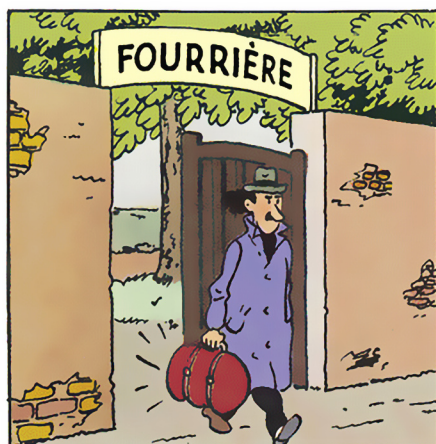

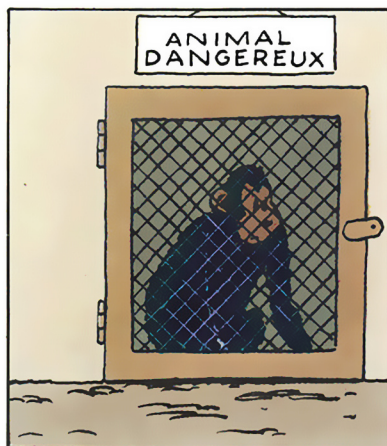

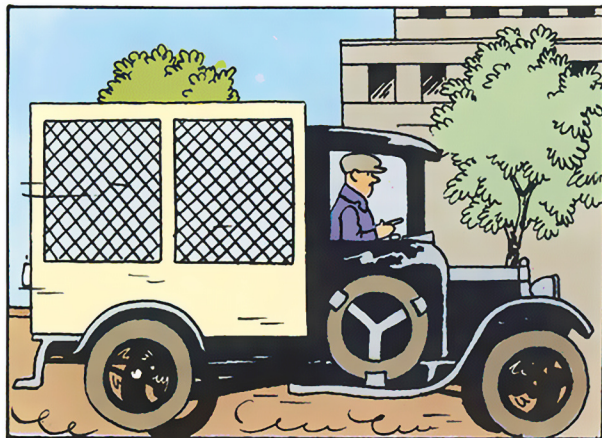

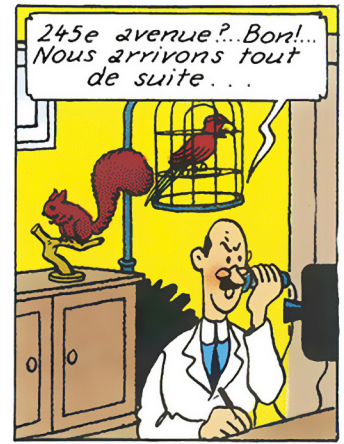

Plus rien!... Mon Dieu! que s'est-il passé?...

Eh bien, mon vieux Fred, tout a marché comme sur des roulettes!...
Oui!... Les dollars sont à nous!...

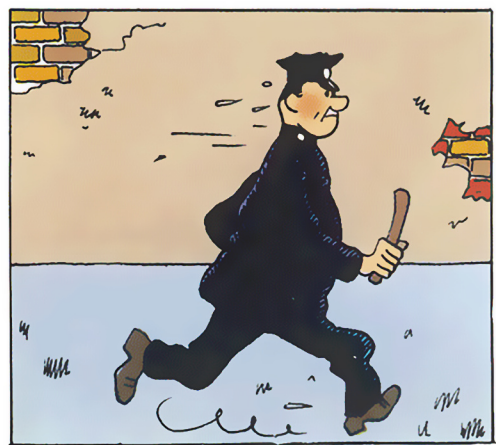

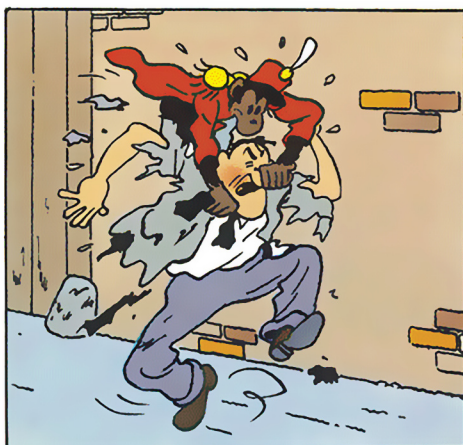

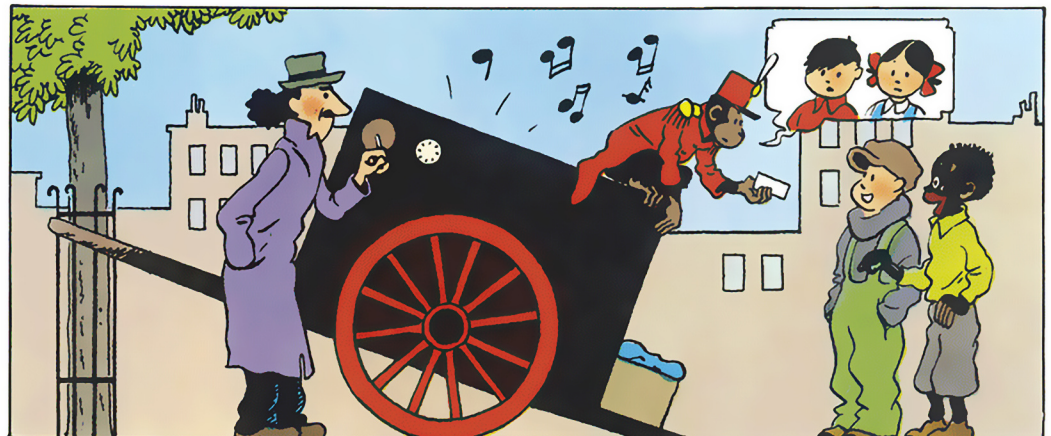

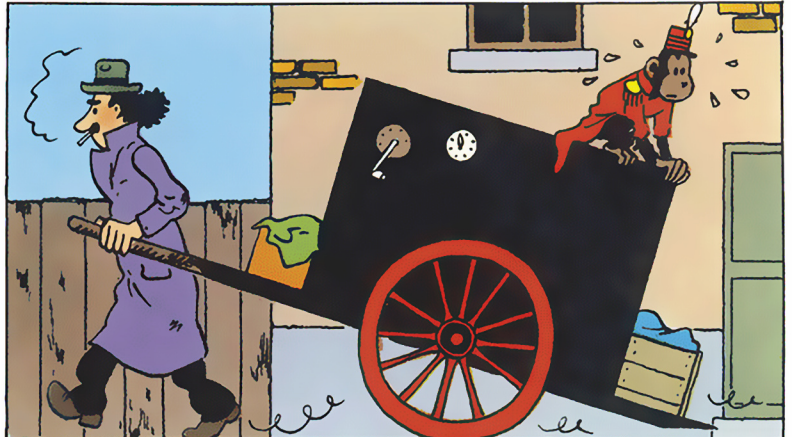

SILENCE ?
